

How long does it take to download “Kla.TV-Offline” to a hard disk via the Internet?

1. Speedtest

First do a speed test (see link below) and find out which “vehicle” (Internet speed) you have. In the table (under 2.) you can see how long it will take you to download Kla.TV-Offline at this speed.

<https://www.speedtest.net/>

On the page you press GO, the test takes a short time and then the results are displayed, e.g. as follows:

Take the first two numbers under “Download”. This is your download speed in Mbps.

2. Download duration of “Kla.TV-Offline”

Vehicle	Your download speed	Download duration (1.7TB)

 <p>Tricycle</p>	0.25 - 1 Mbps	approx. 300 days
 <p>Inline skates</p>	2 - 4 Mbps	approx. 50 days
 <p>Bike</p>	5 - 9 Mbps	approx. 25 days
 <p>Car</p>	10 - 20 Mbps	approx. 10 days
 <p>Sports car</p>	30 - 50 Mbps	approx. 3 days
 <p>Racing car</p>	100 Mbps	approx. 2 days
 <p>Airplane</p>	200 Mbps	approx. 24 h
 <p>Jet plane</p>	500 Mbps and more	< 24 h
