- The screenshot shows the Windows Start menu search interface. At the top, a search bar contains the text 'energiesparplan bearbeiten'. Below the search bar, there are three filters: 'Alle' (selected), 'Apps', and 'Dokumente'. The search results are displayed under the heading 'Höchste Übereinstimmung'. The first result is 'Energiesparplan bearbeiten' by 'Systemsteuerung', which is highlighted with a red box. A red circle highlights the Windows Start button in the taskbar at the bottom left.
